Council Resolution dated 21.6.1949 vide C.B. file no. 16-49-2. –

"Council is of opinion that an extension of service for two years from 9th Oct 1949 may be granted to Sri. P. R. Balakrishnan, Vice-chairman Mysore Iron and Steel Works. He may be designated Director of Metallurgical and Chemical Industries."

HH 20

COUNCIL

CIRCULATION NOTE.

Council File No 1823
For Consideration
at a Meeting of Council on 21.6.49
Sec. 19.6.49

NOTE BY THE HON'BLE THE MINISTER FOR FINANCE AND INDUSTRIES.

Subject:- Sri P.R.Balakrishnan - Designation of - and extension of Service.

On 14th April 1949, an agreement on behalf of Mysore Government has been signed with Raymond Lapean, Vice-Chairman of Chemical Construction Company, New York, U.S.A., for construction of the Chemical Fertiliser Plant at an estimated cost of about 2½ crores of rupees. The time required to complete the work would be nearly 22 months after commencement.

Sri P.R.Balakrishnan was ordered to be in charge of the scheme when the negotiations were at first started and it would be necessary to have an experienced and trustworthy officer in charge of the organisation to watch and supervise the construction. Besides, Government have also sanctioned the starting of an Alkali Industry (Caustic Soda) in Mysore (Bhadravati).

Sri P.R.Balakrishnan after being relieved of his duties as Director of Mysore Iron and Steel Works continues to be its Vice-Chairman and in charge of the following industrial concerns:-

1. The Mysore Chemicals & Fertilisers,
2. The Sandal Oil Factories,
3. The Mysore Dichromate Factory;

which concerns were previously under the charge of Sri B.V.Ganapathi Iyer as Director of Sandalwood Oil Factories. He is besides the Chairman of the Mysore Paper Mills and the Mysore Chemicals and Fertilisers. He has also to be in charge of the new Fertiliser Scheme as also the Alkali Scheme which has yet to be planned and put through. It would therefore be necessary to fix his designation. I would suggest it to be Director of Metallurgical and Chemical Industries.

The question of his extension has also to be settled early as his term is coming to an end by 9th October 1949. Last year, the Board of Management recommended the continuation of the services of Sri P.R.Balakrishnan until such period as is needed to implement the extensive development schemes. The preliminary of the new Cement Plant and the Electric Pig Iron Furnaces will start arriving shortly and thus while the former may go into production next year the latter

may take a much long time to arrive, get accepted and go in for production. The new fertilizer makes in a great responsibility and needs a man of Sri Balakrishnan's experience to put through and that would take atleast a couple of years. It may necessitate his going to America shortly. The Board of Management met this year also and has recommended his extension for 2 years. His health is quite good. It could be a mistake to lose his services at this juncture. I am pretty sure that his services are in great demand in other parts of India. I should therefore suggest that his service may be retained for another two years atleast.

The Chief Minister and the Home have ordered that the subject may be considered in Council Meeting on 21st June 1959. and that the Hon. Minister's note may be circulated urgently.

Yours faithfully,
Dr. Ramakrishnaiya
Chief Secretary to Government.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Read:-

G.O.No.D.7301-3/3 W 79-48-2, dated 11-4-1949 sanctioning the creation of the post of a whole time Director, Mysore Iron and Steel Works, and directing that the Director and Vice-Chairman, Mysore Iron and Steel Works will thereafter cease to be the Director.

ORDER NO.536-635/G.B. 30-49-1,

BANGALORE, DATED, THE 13th JULY 1949.

With the appointment of a whole-time officer as Director of Mysore Iron and Steel Works, Bhadravati, Sri P.N.Balakrishnan, has been relieved of his duties as Director of Mysore Iron and Steel Works. He, however, continues to be its Vice-Chairman and is also in charge of the marginally noted* industrial concerns which were

1. The Mysore Chemical and Fertilizers.) previously under the
2. The Sandal Oil Factories.)
3. The Mysore Dichromate Factory.) charge of Sri H.V.Ganapati

Iyer as Director of Sandal Wood Oil Factories. Sri Balakrishnan is besides the Chairman of the Mysore Paper Mills and the Mysore Chemicals and Fertilizers. He has also to be in charge of the new Fertilizer Scheme as also the Alkali Scheme which has yet to be planned and put through.

In the above circumstances, Government are pleased to direct that his existing designation of Director and Vice-Chairman, Mysore Iron and Steel Works be changed to "Director of Metallurgical and Chemical Industries".

By Order,

Secretary to Government,
Development Department

To

The Comptroller to Government.
The Vice-Chairman, Mysore Iron & Steel Works, Bhadravati.
The Director, Mysore Iron & Steel Works, Bhadravati.
The Director of Sandal Oil Factory.
The Heads of Departments.
The Deputy Commissioners of Districts.
The Secretaries to Government.
